Technical Report MII-DS-09P-14-<report nr.>

Abstract

.....

Keywords:

Contents

1	Introduction	4
2	<main part of the report >	4
3	References	4
	Appendix Nr. 1.	4
	Appendix Nr. 2.	4

1 Introduction

2 <main part of the report >

The report should contain material, which the author was committed to prepare for the reporting period (write a thesis section, create some kind of methodology etc.; texts of papers ready for publishing can be included). Preparation of the report is optional if the author did not have this kind of commitments.

Appendixes

Appendix Nr. 1.

Algorithm experimental comparison results

Table 1: Table example.

Algorithm	\bar{x}	σ^2
Algorithm A	1.6335	0.5584
Algorithm B	1.7395	0.5647

Appendix Nr. 2.

Multilayer perceptron structure
