Technical Report MII-DS-09P-14-<report nr.>

.....

Keywords: ......

# **Contents**

1	Introduction	4
2	<main of="" part="" report="" the=""></main>	4
3	References	4
Appendix Nr. 1		
Αŗ	pendix Nr. 2	4

#### 1 Introduction

### 2 <main part of the report >

The report should contain material, which the author was committed to prepare for the reporting period (write a thesis section, create some kind of methodology etc.; texts of papers ready for pulishing can be included). Preparation of the report is opptional if the author did not have this kind of commitments.

#### 3 References

# Appendixes

#### Appendix Nr. 1.

#### Algorithm experimental comparison results

Table 1: Table example.

Algorithm	$\bar{x}$	$\sigma^2$
Algorithm A	1.6335	0.5584
Algorithm B	1.7395	0.5647

#### Appendix Nr. 2. Multilayer perceptron structure
